# Enumerate with us. Safe. Online. In one click.

The Census is in progress. It concerns all of us. Each answer can affect what life in our country will look like. Thank you to everyone who have already enumerated themselves. If you have not done so, you have until 11 May 2021.

## Simple

Whether you are at home or on the go, it is easy to enumerate online. It can be done from anywhere. Enumerate yourself or even your entire family.

## Safe

You can enumerate via the Internet, completely without personal contact or via a paper form while respecting current hygiene measures. All your personal data will be secure.

### 27. 3. – 11. 5. Online Census at [scitani.cz](https://scitani.cz)

The form can be filled out from a computer, tablet or mobile phone. Enumerate the entire household via the Internet without having to contact the Census enumerator. It is simple and saves time. You can log in using an identity document, an electronic identity (NIA) or a data box (of a natural person). You may also help someone fill out the Census form, who cannot do it themselves.

### 17. 4. - 11. 5. Census using a paper form

If you do not enumerate online, you will need to fill out a paper form. You will receive it together with an envelope from a Census enumerator or at a Census contact point located at selected post offices. The Census enumerator will arrive on a pre-announced date and wait for your arrival in front of your dwelling. You can send the completed form in the reply envelope via a mailbox or submit it at any contact point.

# Household form

For all persons who live in one dwelling or other type of housing

Dear participants of the Census 2021,

The 2021 census is a source of otherwise inaccessible information about life in our country. **Your answers can significantly affect the further development of the Czech Republic.** The results are widely used, for example, in the preparation of housing programs, infrastructure development or for planning of better service availability.

It is absolutely essential for the usefulness of the 2021 Census that everybody enumerates themselves, which is why the **participation is mandatory by law.** However, only aggregated results will be published, unrelated to specific individuals.

I can assure you that no individual data collected for statistical purposes will be passed on to anyone else. **The Czech Statistical Office is the sole administrator of the personal data provided and has taken thorough measures to protect them.** Census security complies with our country's laws and EU regulations and uses advanced protection technologies.

Thank you for your participation and I believe it will be quick and simple!

Ing. Marek Rojíček, Ph.D.,  
President of The Czech Statistical Office

## Your privacy will be kept secure

The Czech Statistical Office is the sole administrator of the provided personal data. It processes the data in a secure manner on the basis of and within the scope of Act No. 332/2020 Coll., On the Census of Population, Housing and Dwellings in 2021 and on the Amendment of Act No. 89/1995 Coll., On the State Statistical Service, as amended, in accordance with applicable EU and national legislation on the protection and processing of personal data, only for as long as is strictly necessary. ## FAQ

### Submitting a Census form was adjusted due to anti-epidemic measures:

#### How to submit a completed form?

You can submit a completed paper form in a reply envelope at a Census contact point, at any post office or simply via mailbox. You can obtain the envelope with Census 2021 logo together with a paper Census form from a Census enumerator or at the contact points. The envelope has a pre-printed address and postage is free of charge. Submit the completed Census form until 11 May 2021.

To obtain a new form for free, please contact the Census officer or visit the Census contact points. They are located at the selected Czech Post branches and the regional authorities of the Czech Statistical Office. To find the addresses, please refer to [scitani.cz/kontaktnimisto](http://scitani.cz/kontaktnimisto) or call the infoline at **253 253 683**.

#### Are there instructions for completing a form?

Basic instructions for completing are included in the form. For detailed instructions to complete all form sections, please refer to [scitani.cz/formular](http://scitani.cz/formular). You may also call the infoline at **253 253 683** or write to [dotazy@scitani.cz](mailto:dotazy@scitani.cz).

#### Who is the form addressed to?

The form is addressed to all the people, including those temporarily absent, who share a dwelling and have not participated in online Census yet.

#### What about those who have enumerated yourself via internet (online)?

In case your entire household has been enumerated online, you do not need to fill in the paper form. In case only some members from your household have been enumerated online, please provide all the data on housing and households A1 – A13 on pages 2 to 5 when filling in the paper form. Please mark the enumerated household members with a cross in the list of persons on page 4, question A10. For the rest of the form, question B1 – B16 from page 6, please fill in only for members, who had not enumerated online.

#### Does everyone need to fill in the form separately?

The form may be completed by a single person for the entire household.

#### Who should fill in the form for minors and persons with diminished responsibility?

Parents and guardians are obliged to fill in the data for minors or persons with diminished responsibility.

#### Is it mandatory to answer all questions?

It is mandatory to answer all questions according to the instructions in the form (e.g. some data is to be filled in only by persons of age 15 and over, etc.). The only exceptions are questions on nationality (B9) and religious beliefs (B10), for which the answer is not obligatory.

**Please complete according to the current status as of 26.03.2021**

For the Census results it is important that everybody completes data by the same moment. Please complete all data as of 26th March 2021 (more specifically, according to the state as of the midnight between Friday the 26th and Saturday the 27th of March 2021), unless specified otherwise at the questions.

**Complete with black or blue ink.**

Please use black or blue pens, in order for the data to be read correctly.

**Complete with a ballpoint pen.**

Why use a ballpoint pen? Markers may soak through, ink might leak out, pencils and black crayons may be invisible or too bold to read.

**Write valid names only.**

Please use the names of municipalities and states as of 26.03.2021, since they may change. Use the same procedure for the names of regions and districts.

**Please mark the correct answer with an X.**

If there are more items to choose from, please mark your choice with an X. Please mark only one option with an X unless otherwise specified.

**Please black out wrong answers.**

In case you make a mistake, for example put X in a wrong field or write a wrong letter, cross it out completely and write the correct answer. Please do not try to overwrite it.

**Please align the letters to the right.**

**Use capital letters.**

If everyone completes the forms in capital block letters according to our specimen, the 2021 Census results will be available sooner.

**Please write in the specified fields only.**

Each field should contain only one letter including hooks, commas, one number or other characters. Do not write anything outside white fields. The machines can read only the content inside. Please keep this in mind.

If more than five persons share this dwelling, you will also need the Additional form for household. You will obtain this form from the Census officer or at the contact point.

**!** While completing all other data, please follow the order / numbering of persons from point **A10**.

**A11** Are all persons stated in the previous point **A10** members of the same housekeeping household?

**A housekeeping household** means that the persons share mainly the costs of food or household routine (commonplace for example in a family). A housekeeping household includes also children or other dependent persons who live there even if they don't contribute to the household expenditures. On the contrary, a housekeeping household **does not include** mere joint payment of the housing costs (such as in cases when a roommate shares the common costs of a rental dwelling, however, other costs such as of food, transport etc. are paid individually).

- Yes → Go to **A13**
- No → Go to **A12**
- I live alone → Go to page 6 – PERSON 1 (do not complete **A12** and **A13**)
